Coaching Sessions

Overview

Our experienced Education Consultants are available to coach K-12 educators who are planning or implementing service-learning projects. Common topics might include, but are not limited to:

- Curriculum
- Instruction or assessment planning
- Strategies for developing authentic student engagement/voice
- Working effectively with community partners
- Engaging students in meaningful reflection
- Developing a collaborative working environment in the classroom

Target Audience and Workshop Length:

Sessions are designed for any K-12 educator or team of educators. Times can be scheduled to meet the needs of individuals (e.g. half-day sessions, planning periods during the school day, or after school).

Participants will:

Work with coach to design specific and personalized outcomes.
